

Hi! News from Vebego

Issue 2 / 2026

Eat healthy – stay fit

Free of charge

Sign up now for our online presentation!

Whether you're in cleaning or security, you may find your working day can be challenging, requiring concentration and involving changing shifts and time constraints. So it's really important that the meals you eat provide you with the energy you need, as well as boosting your health and keeping you fit long term.

In the free 45 minute online presentation, AMD TÜV outlines practical ways you can integrate healthy nutrition into your working day – without a great deal of effort. The presentation is ideally suited to all Vebego staff as it focuses on the needs of people with physically demanding jobs in particular and provides practical tips you can put into practice straight away.

What you get:

- simple tips for health-conscious eating despite the stress of variable working hours and lack of time.
- information about the combined effects of nutrition and exercise.
- ways to adapt your meals to your personal level of activity that store energy and aid regeneration.
-

Even small changes can make a big difference to your health and well-being.

When:
21 May 2026, 3-3.45 pm

Signing up is simple:
Either scan the QR code or use the link to go straight to the registration form.

After entering your email address, you will receive confirmation of registration complete with date and time along with the link to access the presentation.

Short notice

Centennial celebration: Dortmund Airport says thanks

April 16 was a very special day for our client, Dortmund Airport, because it marked 100 years since the official founding of Flughafen Dortmund GmbH.

The airport launched its birthday festivities with an array of great activities for travellers and guests alike. And our cleaning crew was, of course, in the midst of things, hard at it, helping to make the event a memorable one for the visitors.

As our client wrote in a thank-you email: "Yesterday was a special day for us, and we are very pleased with the result. And that was also down to the Vebego team whose excellent work in and around Dortmund Airport contributed in large part to the success of the event. I have already thanked many of you personally, but please do pass on kind regards and my thanks to everyone again. To our continued excellent collaboration!"

FIFA WM 2026: Make your prediction, cheer your team on, be a winner

The countdown is on: in one month's time, on 11 June, the FIFA World Cup will be kicking off in North America.

And because we are already looking forward to it so much, we want to put you in the mood for the big tournament with a surprise: the great Vebego World Cup sweepstake on our website that offers you the chance to win one of three fantastic prizes.

The prizes:

- 1 set of team shirts for a local club of your choice worth €1000
- 1 mydays city trip voucher worth €250
- 1 Eventim voucher to the value of €100

And this is what you have to do:

1. Scan the QR code or go to www.vebego.de/wm2026
2. Enter your prediction of the number of goals you expect the German national team to score in the competition.

And don't forget: your forecast needs to reach up before the tournament kicks off. The winners will be notified by email once the World Cup is over.

Vebego wishes you luck and lots of fun during the World Cup!

Personnel changes in our regions and in the management

Strengthening regional leadership

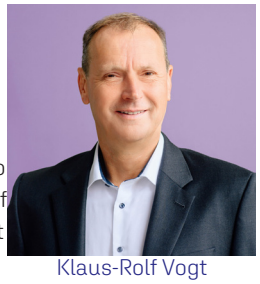

We now have some new regional offices in Bavaria and the Bergisch-Ruhr region (Wuppertal), with which we are further expanding those regions.

Guido Hinrich

Guido Hinrich is taking on the regional management of the Bergisch-Ruhr region (Wuppertal). He has held many leadership positions in the past in which he was responsible for both the operations and strategy of large units.

Klaus-Rolf Vogt is the new regional manager for Bavaria. Klaus knowns the region better than anyone: with two decades of experience of the Bavarian market under his belt, he brings an excellent understanding of the region's specifics and local customer structures to the role.

Klaus-Rolf Vogt

New COO in the management team

At the same time, there has been a change in the management: Vebego has appointed Jörg Tobollik, a new and experienced interim COO (Chief Operating Officer), to fill this role on an interim basis until a permanent appointment to the position is made.

Your opinion counts: Take part in our employee survey and give us your thoughts

We conduct an anonymous and voluntary employee survey multiple times a year in an effort to find out what aspects of our daily operations run smoothly and where we can offer you more support.

How to participate:

If you would like to take part in the employee survey in future, please tell your immediate superior/line manager and give him or her your email address. You can also contact your Vebego office direct, which will then forward your email address to Human Resources.

The link to the survey questionnaire will then be sent to you by email in good time for the next survey period.

The survey is conducted four times per year and takes just five minutes to complete. Participation is voluntary and anonymous. Many thanks for taking part!

If you have any questions, please don't hesitate to contact the Hi! editorial team, who will be happy to help.
