Working Healthily: Tips for Your Back, Shoulders and More

for free

Register now for the online short talk!

Lifting, carrying, mopping or working in a bent-over position are part of the daily routine for many colleagues in building cleaning. Unfortunately, this means they are particularly likely to be affected by musculoskeletal disorders. Even small changes can help reduce the strain on your body.

Did you know, for example, that ...
... you should adjust the telescopic handle so that your shoulders remain relaxed and you can work with your elbows as close to your body as possible?

In a digital short talk designed specifically for our colleagues in building cleaning, AMD TÜV will share this and many other practical tips and information on how to reduce physical strain during your daily work. In addition to ergonomic working practices, the session will also cover simple compensatory exercises that you can incorporate directly into your working day.

The online session lasts one hour and is free of charge. You can choose from three dates. Simply select the date that suits you best.

Take this opportunity and set aside one hour for something that matters every working day: your health!

Dates:
23 November, 8:00-9:00 a.m.
26 November, 4:00-5:00 p.m.
4 December, 11:30 a.m.-12:30 p.m.

Registration is easy:
Use the QR code or the link to go directly to the registration form.

Enter your email address. You will then receive a confirmation of the appointment, including the link to join the session.

Short notice

An Award for Vebego and All Our Colleagues

Vebego has received the prestigious IMD Global Family Business Award 2026.

For 30 years, this international award has been presented to large family-owned businesses that act responsibly and take a long-term approach. Previous winners include LEGO and Henkel.

For Ton Goedmakers, CEO and owner of Vebego, the award is above all a recognition of all our colleagues: “Every day, you do great work with care and Kindness, often behind the scenes. This award is for you!”

Advent, Advent … and You Could Be a Winner!

Don't miss your chance to take part in the Vebego Advent calendar on our website at www.vebego.de/adventskalender.

To make the run-up to Christmas even sweeter, we are giving away a fantastic Vebego winter package every Sunday in Advent. At the end, the following main prizes are waiting to be won:

1 Eventim voucher worth €300
1 theme park voucher worth €200
1 Jochen Schweizer voucher worth €100

So make sure to stop by and take part. There are plenty of reasons to join in!

We're keeping our fingers crossed for you and wish you a wonderful Advent season.

Klaus-Rolf Vogt Becomes Chief Operating Officer (COO)

Klaus-Rolf Vogt has been our new Chief Operating Officer (COO) since 1 November. In this role, he is responsible for our operational business. Some of you may already know him, as he previously served as Regional Manager for our Bavaria region.

Klaus-Rolf has many years of experience in facility management. He is familiar with both day-to-day operations and the leadership and development of large organisational units. Before joining Vebego, he held positions including Managing Director in Switzerland.

He takes over from Jörg Tobollik, who had held the position on an interim basis since April and will leave Vebego at the end of the year as planned.

Outstanding Achievements from Our Regions

We would like to share two fantastic awards received by members of our teams:

Martin Falkner from our Berlin site was named Employee of the Month. With his many years of commitment and dedication, he has more than earned this recognition.

Our apprentice Marie Nagel from our Wuppertal site also received a special award: she completed her apprenticeship with the grade "very good" and is therefore one of the top-performing examinees of the Bergische Chamber of Industry and Commerce (IHK).

We are delighted about these achievements. Congratulations to both of them, and we wish them continued success!
